NOW I AM GOING TO READ YOU STATEMENTS BY SUPPORTERS AND OPPONENTS OF THE BALLOT MEASURE WE HAVE BEEN DISCUSSING.

10. First, I am going to read you a series of statements from supporters of this proposal. After hearing each statement, please tell me whether you find it very convincing, somewhat convincing, or not convincing as a reason to support a ballot measure to fund programs for children and youth in Napa County. 	<u>VERY CONV</u>	<u>SMWT CONV</u>	<u>NOT CONV</u>	<u>DON'T BEL</u>	<u>(DK/NA)</u>	<u>VERY/ SMWT</u>
[]a. (POVERTY) Far too many Napa children are living in poverty. Forty thousand County residents do not earn enough to make ends meet, 11 percent of our kids live below the federal poverty line, and more than ten percent do not have a reliable source of food. This measure will provide critical support for these children through health and nutrition programs, and help for young parents and homeless families, with the goal that no Napa child has to live in hunger or poverty. -----	35%	33%	15%	15%	2%	68%
[]b. (BUDGET) Napa kids make up 22 percent of the population, but only eight percent of the County budget goes to services that meet the needs of children and youth. This measure will ensure that youth programs get their fair share of funding to serve our community’s children. -----	27%	36%	23%	13%	2%	63%
[]c. (SAFE PLACE) Many Napa County kids do not have a safe place to go after school or during the summer. This measure will fund before- and after-school programs, summer activities, and provide child care so that kids can stay safe, off the street, and out of trouble.-----	39%	32%	14%	13%	1%	71%
[]d. (ENRICHMENT/JOB TRAINING) Schools cannot always provide the vital enrichment education, extra academic support, and job training that many students need. This measure will fund programs that fill in these gaps and give Napa kids a chance to succeed.-----	32%	38%	16%	13%	1%	70%
[]e. (LOBBYISTS) Napa County’s children are not a special interest, and do not have lobbyists to speak up for them when County budget decisions are being made. This measure is a way of speaking up for kids, and ensuring they are not ignored when budget decisions are made. -----	26%	28%	25%	18%	2%	55%

	<u>VERY CONV</u>	<u>SMWT CONV</u>	<u>NOT CONV</u>	<u>DON'T BEL</u>	<u>(DK/NA)</u>	<u>VERY/ SMWT</u>
[]f. (BRAIN DEVELOPMENT) Research shows that a child’s brain develops most dramatically during the first five years of life. By voting for this measure, we can help ensure that Napa County children under five years old have access to early childhood education and health services they need to get off to a strong start in school and in life. -----	40%	32%	16%	11%	1%	72%
(ASK SPLIT SAMPLE C ONLY)						
[]g. (SALES TAX) Tourists spend millions of dollars in Napa County every year, and this tourism is projected to keep growing. Much of the sales tax enacted by this measure would be paid by tourists from outside Napa County – but every penny would go to help our kids. -----	27%	30%	25%	18%	1%	56%
[]h. (NO CUTS) This measure would not take a penny of funding away from existing County services. It would create a new stream of revenue to fund critical services for youth. -----	25%	34%	21%	18%	2%	59%
(ASK SPLIT SAMPLE D ONLY)						
[]i. (NO TAX INCREASE) This measure would NOT increase taxes. It would provide millions in vital funding for youth services by setting aside just four percent of existing local property tax revenues. -----	25%	30%	18%	24%	3%	55%
[]j. (GROWTH) County property tax revenues are currently projected to grow four percent per year. The cost of this measure would be entirely paid for out of that growth – with no impact on existing funding. -----	26%	26%	23%	24%	1%	52%

12. Next, here is a statement from people who oppose this measure. We all want to help children, but County government is full of bureaucracy and wasted money. If voters approve this measure, there is no way to be sure that the money will be spent effectively or make a difference for the children it is meant to help. This tax increase will take money straight out of the pockets of Napa residents, at a time when many are struggling to make ends meet. In addition, there should be higher priorities for our County tax dollars right now – like reducing crime, fixing our roads and transportation system, and creating middle-class jobs. And at the end of the day, parents – and not County government – should be responsible for raising and caring for children.

If voters approve this measure, there is no way to be sure that the money will be spent effectively or make a difference for the children it is meant to help. This measure will take funding away from vital services – everything from the sheriff to roads to health services – and divert it to new programs for children.
